PhD course on *Computational Environment for Nuclear Structure*, three (3)
ECTS

To whomever it may concern

I hereby confirm that Magnus Ögren, PhD student at the Department of Physics, LTH, Lund, Sweden, has followed a series of lectures given by me in the period May 5-7 2008 at the University of Lund. Combined with the approved project, the course and project are estimated to total a workload of three (3) ECTS.

Yours sincerely,

Morten Hjorth-Jensen
